

# Font Form 2 - Premium 'Ultra' Service (Optional for 'error' characters)

Please see the instructions for filling out this form

Your E-Mail Address: \_\_\_\_\_

Please include your e-mail address on each form so that we can marry it up with your other details.

This form allows you to define 'error' characters that can be inserted by the Scriptalizer™ software at a frequency you choose. Many of us make mistakes when we write and use different ways to cross out our errors. If you would like to use this option, select the words 'a on the word taste' that are most similar to your handwriting size and scribble each one out as if you have made an error.
